DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-5 are rejected under 35 U.S.C. 102(e) as being anticipated by Wang et al. (US 2006/0060767 A1).

Regarding claims 1 and 5, Wang discloses an apparatus for handling a minute object by using an optical tweezers, comprising: a light source (see Fig. 9); a first base to form a hologram with light emitted from the light source (40 of Fig. 5); and a second base having a guide pattern (See Fig. 14 to Fig. 18) formed thereon, wherein the second base holds a liquid including a minute object (340 or 372 or 392... in Fig. 14 to Fig. 18), wherein the hologram formed in the liquid on the second base is used as an optical tweezers to handle the minute object in the liquid (see paragraph [0125]).

Art Unit: 2872

Regarding claim 2, Wang discloses means (286 of Fig. 9) for optically enlarging or reducing the optical tweezers to capture the minute object.

Regarding claim 3, Wang discloses a plurality of optical tweezers being formed (see paragraph [0156]).

Regarding claim 4, Wang discloses a base for forming the optical tweezers being exchangeable (i.e., exchangeable samples).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
